Sectoral Qualifications Framework for the Military Officer Profession (SQF-MILOF)

European Security and Defence College - Working Group Coordinator

SQF-MILOF relates to lifelong learning for a particular sector: military officers. It is fully in line with the European Qualification Framework. The SQF-MILOF serves as an interface or 'translation tool' between the education and training opportunities offered in different countries, which makes it possible to compare different programmes.

The SQF-MILOF was developed by a working group, whose role was to create a community of interest, consolidate and discuss national input, ensure national issues were integrated into the SQF-MILOF, and define descriptors and learning outcomes for all levels of the military officer career.
